CLARENCE PAGE, *Chicago Tribune*: Like a rainbow, she comes in colors. Mick Jaggar sang that once. He might well have been singing about Barbie, the modern Barbie. There's a dark brown Barbie, a light brown Barbie. There's an Asian Barbie, and a Native American Indian Barbie. There's a Puerto Rican Barbie, complete with traditional dress and a brief history of the island on the box. And, of course, there's the original Barbie. She's pink and blond. She's the one who first captured the heart of Ken.
